

PEES Power Systems

22 PV Inverter Ranking

Overview

This ranking is based on the Global Solar Inverter Manufacturer Rankings H1 2025 report from Wood Mackenzie. The rankings evaluate 23 leading manufacturers from seven countries based on eight performance criteria, accounting for approximately 90% of global shipment. While solar inverters are the most common type of inverter used for residential solar, they are just one of several inverter options available for solar and energy storage systems. Below, we describe the four main inverter types used for on-grid and off-grid solar systems. Image: Klaus Albleiter, Wikimedia Commons, CC BY-SA 3. This transformation is essential, as over 90% of devices worldwide operate on AC. SolarEdge also has strong warranties and a.
