Performance warranty defined for the ESS: 100% DOD, 60% capacity at EOL, operating temperature range of -30°C~+30°C, The number of cycles is defined according to the working conditions of each area. The performance warranty of the battery module is based on the ten-year. receives a service request for the product, whichever is earlier. When contract is directly signed with Huawei. Relying on its cutting-edge clean power conversion technology, industry-leading battery technology and grid forming technology, Sungrow focuses on integrated energy storage systems solutions. The core components of these systems. Warranty issues don't just cost money—they cause downtime, reduce customer confidence, and can lead to disputes between buyers, sellers, and manufacturers. Megapack is optimized for cost, performance, and ease of installation, and includes a standard system warranty of up to 15 years. A complete 2MWh energy storage system + 1MW solar turnkey solution includes the following configurations: Optional solar mounts, PV combiner boxes, and PV cables.
