Product Model
 HU-ESS-215A(100KW/215KWh)
 HU-ESS-115A(50KW/115KWh)

Dimensions
 1600*1280*2200mm
 1600*1200*2000mm

Rated Battery Capacity
 215KWH/115KWH

Battery Cooling Method
 Air Cooled/Liquid Cooled

Anime as Ecologica

"Solarpunk is a literary and artistic movement that envisions and works toward actualizing a sustainable future interconnected with nature and community.

The Sun's Symbolism in Anime and Manga Narratives

In anime and manga, its role extends beyond mere representation; it shapes narratives and character arcs in profound ways. This article investigates how various series utilize the sun as a narrative ...

Lithium battery parameters

Product capacity: 100Ah

Product size: 135*197*35mm

Product weight: 1.82kg 197mm /7.7in

Product voltage: 3.2V

internal resistance: within 0.5

Solar Manipulation , Superpower Wiki , Fandom

Thanks to Ilios Phoenix Flame, Che Heart (Ordeal) has the power of a sun. He can create solar flames as well as fully functional suns/stars with gravitational fields.

Solar Manipulation , Superpower Wiki , Fandom

Also called Capabilities Applications Techniques Variations Associations Limitations Known Objects User can create, shape, and manipulate all aspects of the sun (or any other similar star), starting from its immense heat, luminosity, mass/gravitational field, magnetic field, raw nuclear energy, and reaction, etc. More specific effects include solar winds/flares, geomagnetic storms, sunspot reaction causation, UV emissions, and plant growth promotion.
