

## PEES Power Systems

# Australian energy storage cabinet production company

## Overview

---

Australian-made, on-grid and off-grid energy storage solutions that store solar power and can make you income through your very own Private Power Plant. Assembled and tested in Brisbane, Australia. Built on reliability, quality and performance that lasts, our energy storage systems are designed for the people who use. The NRN - National Renewable Network is a connected network of Solar and Battery Storage Systems, enabling households and businesses to switch to Renewable Energy without any upfront cost of finance, whilst also saving on their energy bill. Did you know that your rooftop can generate up to three times more solar. Australia's energy storage market is experiencing strong growth due to rising electricity prices, rapid solar adoption, and increasing demand for reliable backup power. Residential customers. Pylon Technologies Australia Pty Ltd ("Pylontech Australia") is a global leader in energy storage systems. Pylontech Australia is the Australian subsidiary of Pylon Technologies Co.
