

## PEES Power Systems

# BESS Germany sells brand new uninterruptible power supply

## Overview

---

We offer sustainable and economical battery storage systems (BESS - Battery Energy Storage Systems). The high number of grid connection requests and the urgent need and demand for flexibility in an energy system characterized by increasing volatility. Since 50 years, Statron is THE partner for uninterruptable power supply (UPS) solutions and battery systems. More than 30'000 UPS and battery systems have been successfully delivered, installed and are in operation at more than 3'000 clients in more than 100 countries. This success is based on. Our clients are institutional investors and family offices who acquire our projects in various stages - from our exit after ready-to-build status is confirmed, to realizing the entire battery storage systems, as well as operating the system for the investor. They operate by charging during periods of surplus electricity generation and discharging during periods of high demand or low generation. Second, they can act as backup.
