

PEES Power Systems

Barbados Battery Energy Storage Company

Overview

The Barbados National Energy Company Ltd. (BNECL), in partnership with the Inter-American Development Bank (IDB), is leading the installation of 10 MW of Battery Energy Storage Systems (BESS) across the island. In. Barbados has taken a significant step toward transforming its energy landscape with the launch of the Caribbean's first competitive Battery Energy Storage System (BESS) auction — a development that could redefine how renewable energy is integrated, financed, and scaled across island grids. Barbados has launched the second phase of its Battery Energy Storage System (BESS) procurement process, a critical step in tackling ongoing grid congestion that has stalled the growth of the renewable energy sector.

Barbados Battery Energy Storage Company

Barbados News

240 megawatt-hours (MWh) of total energy storage Delivery under a build-own-operate (BOO) model This auction invites local and international developers, investors, and energy providers ...
