# Battery energy storage sales

## Overview

---

The global battery energy storage market size was valued at USD 32.62 billion in 2025 and is projected to be worth USD 40.86 billion during the forecast period. Federal tax credits, domestic cell manufacturing, and. This battery storage update includes summary data and visualizations on the capacity of large-scale battery storage systems by region and ownership type, battery storage co-located systems, applications served by battery storage, battery storage installation costs, and small-scale battery storage. The global battery energy storage systems market size was estimated at approximately USD 13. The market is witnessing robust growth driven by the rapid electrification of energy. SAN FRANCISCO, Nov.
