Battery energy storage system in Ukraine

Overview

The project includes six battery energy storage systems of varying capacities – from 20 to 50 MW each – connected to the Ukrainian power grid. 11, 2025 (GLOBE NEWSWIRE) -- Fluence Energy B. (NASDAQ: FLNC) (“Fluence”), a global market leader delivering intelligent energy storage systems, services, and asset optimization software, has energised Ukraine's largest battery-based energy. Industry estimates indicate that Ukraine installed about 1.5 GW by year-end, demonstrating robust growth despite ongoing challenges. The. Ukraine's biggest private energy firm, DTEK, has launched a major battery storage facility that will bring power to hundreds of thousands of homes and strengthen the grid ahead of expected Russian attacks this winter, the company said. IPP DTEK Group and system integrator Fluence have together put a 200MW/400MWh BESS portfolio in Ukraine into commercial operation, a milestone praised by the country's energy minister Svitlana Grinchuk. The installation, which is spread over six sites in the Kyiv and Dnipropetrovsk regions, represents a significant investment of.

Battery energy storage system in Ukraine

Ukraine Deploys ~1.5 GW of Solar in 2025, Accelerating Battery ...

In 2025 Ukraine deployed around 1.5 GW of new solar capacity driven by strong interest in co-located battery energy storage systems. BasenPower breaks down the key drivers, policy ...

LARGEST BATTERY ENERGY STORAGE SYSTEM PROJECT IN ...

LSP Renewables commends the recent announcement by DTEK, which has secured UAH 3 billion (EUR67 million) in financing from a consortium of Ukrainian banks to construct one of the largest battery ...

IEA sets distributed solar, storage policy path for Ukraine

A report by the International Energy Agency (IEA) recommends three strategies to accelerate the deployment of distributed solar and battery energy storage systems (BESS) in ...

Ukraine's biggest battery storage project goes online

In just six months -- under shelling, blackouts, and wartime restrictions -- Ukraine completed Eastern Europe's largest battery storage project: 200 megawatts / 400 megawatt-hours of ...

DTEK and Fluence turn on 200MW Ukraine battery storage units

IPP DTEK Group and system integrator Fluence have together put a 200MW/400MWh BESS portfolio in Ukraine into commercial operation, a milestone praised by the country's energy ...

EN_Ukraine energy storage market analysis

Battery energy storage already plays a role in some segments of the Ukrainian electricity markets and in many small off-grid power systems in handling war-related power outages.

Ukraine's biggest battery storage project goes online

Ukrainian private utility DTEK has energised the largest battery storage project in the war-torn country and one of the biggest ones in Eastern Europe. The 200 MW/400 MWh installation ...

DTEK launches Eastern Europe's largest battery storage system ...

Ukraine's biggest private energy firm, DTEK, has launched a major battery storage facility that will bring power to hundreds of thousands of homes and strengthen the grid ahead of expected ...

ENERGY STORAGE SYSTEM

Product Model
 HJ-ESS-215A(100KW/215KWh)
 HJ-ESS-115A(50KW/115KWh)

Dimensions
 1600*1280*2200mm
 1600*1200*2000mm

Rated Battery Capacity
 215KWH/115KWH

Battery Cooling Method
 Air Cooled/Liquid Cooled

DTEK and Fluence energise the largest energy storage portfolio in

The project includes six battery energy storage systems of varying capacities - from 20 to 50 MW each - connected to the Ukrainian power grid. Collectively, the systems have the capacity ...
