

PEES Power Systems

Battery safety cyprus

Overview

The energy regulator has approved a significant battery storage system totalling 120MW across three locations to enhance grid stability and security, marking a crucial step for the island's electricity infrastructure. The construction of a planned power storage station for renewable energy in the Rotseri area of Alambra may pose risks to public health and the environment, the Federation of Environmental Organisations (Opok) warned on Thursday.

Battery safety cyprus

Residents alarmed as 40 MW battery station approved near homes in
