Black Mountain s new solar panels

LIQUID/AIR COOLING

ON GRID/HYBRID

PROTECTION IP54/IP55

BATTERY /6000 CYCLES

Overview

Spanning 2,100 acres, this site will feature a 250 MW solar farm capable of powering tens of thousands of homes. Scheduled to come online in the spring of 2025, the Black Hollow Solar project will play a pivotal role in the region's shift toward renewable energy. If approved, El Paso Electric, in partnership with EDF Renewables Distributed Solutions, Inc., would be authorized to construct, operate, maintain. Black Hollow Solar, located in Colorado, is one of Black Mountain Excavations' most ambitious solar energy projects to date. The federal investment tax credit (ITC) lowers that price by 30% of all your solar equipment and installation costs. End-to-end residential and commercial.
