Black Power Solar Panel Specifications

Overview

Canadian Solar's TOPCon series offers 440-450W panels with 21.5% efficiency and comprehensive warranties. Our premium kits include IronRidge XR rail systems, compatible with all roof types (tile, flat, metal) at competitive wholesale pricing. All system kits are engineered for durability and ease of installation. Premium ground-mounted solar systems featuring IronRidge racking and high-efficiency. Market Dominance in 2025: Black solar panels now represent over 80% of new residential installations, with manufacturers having completely phased out blue polycrystalline panels as of 2023, making monocrystalline black panels the universal standard for homeowners. Superior ROI Despite Premium. Specifications of REC's powerful full-black solar panel with 132 n-type-mono and TOPCon technology cells. Designed to maximize energy generation, this panel excels in various lighting conditions, including mornings, evenings. Values at standard test conditions (STC: air mass AM 1.5, irradiance 1000 W/m², temperature 25°C), based on a production spread [0. System Voltage Power Temp Coef.
