

## PEES Power Systems

# Canberra Solar Storage Unit Grid-Connected Discount Offer

## Overview

---

Eligible Australians can access a federal rebate of up to \$3,720 on a 10kWh battery system, making it more affordable than ever to store your solar energy and reduce your power bills. The ACT government's Next Generation Energy Storage (Next Gen) program, initially launched in 2016, is one of the most ambitious battery storage incentive schemes in Australia, aiming to subsidise the installation of batteries for roughly 5,000 homes and small businesses. The program has \$25. Read on to see what specials we have on offer, specifically designed for our Canberra customers. 6kW iStore Solar & Battery Bundle and add-on other iStore products to boost your savings even further! 6. 6kW Solar & Battery Bundle (Federal "Cheaper Home Batteries" STC rebates. There have been a few changes made to ACT home solar rebates as of this financial year, but according to local experts, energy efficiency deals in the capital are still hard to beat. Canberra remains a leader in renewable energy for Australian households. Why Battery Storage Matters in Canberra?
