# Construction of new energy storage projects in Colombia

## Overview

---

Search all the ongoing (work-in-progress) battery energy storage system (BESS) projects, bids, RFPs, ICBs, tenders, government contracts, and awards in Colombia with our comprehensive online database. A new regulatory proposal from the Colombian government outlines the technical and commercial rules for energy storage assets. The framework targets both the national grid and remote microgrids to handle increasing climatic variability. Published by the World Economic Forum as a contribution to a project, insight area or interaction. The findings, interpretations and conclusions expressed herein are a result of a collaborative process facilitated and endorsed by the World Economic Forum but whose results do not necessarily represent. Utility and independent power producer (IPP) Celestia has deployed a solar co-located lithium iron phosphate (LFP) BESS in Colombia. 9MW Celsia Solar Palmira 2 farm in Valle del Cauca to help increase the generation capacity of. With Blackridge Research's Global Project Tracking (GPT) platform, you can identify the right opportunities and grow your pipeline while saving precious time and money doing it.
