

## **PEES Power Systems**

# **Delivery time for 200kW photovoltaic container in Tunis**

## Overview

---

Average delivery time to Tunis port is 4-7 weeks; customs processing may add several days depending on shipment documentation. Carriers are licensed, bonded, and experienced with North African logistics; no deposit required until vessel booking is confirmed. h 20-200kWp foldable PV panels and 100-500kWh battery storage. Set up in under hours for off-grid areas, construction sites & emergency power. Get a quote today ng container offers unmatched flexibility and maneuverability. Sensitive solar arrays can be effectively protected from storms, vandalism. Tempered Solar Glass: The front glass of a module requires specific properties, including high light transmittance, low iron content, and often an anti-reflective coating. This specialized glass must be imported. Encapsulant (EVA or POE) and Backsheets: These polymer-based materials are critical. Shipping a 20-foot container to Tunisia typically costs \$3,900-\$6,800; 40-foot containers range from \$6,500-\$10,200 based on origin. Advanced monitoring systems and IoT integration ensure optimal performance and remote management capabilities. Shipments by sea are generally slower than shipments.
