Does Trina Solar Panels have insurance

Overview

Yes, solar panels are covered by homeowners' insurance, but not for the things we have detailed above. Trina Solar US is proud to announce the launch of TrinaProtect, a bundled 25-year product and 25-year power warranty for Trina's high-powered, all-black 430W Vertex S+ residential PV modules. This warranty program is only available in the United States. This insurance program is purchased through our insurance broker, PowerGuard Specialty Insurance Services, and insured. Trina's warranties — both Product & Performance — for the seven types of solar panels they sell in Australia. Only some commercial property insurers will include solar panels. Most panels come with 20+ year warranties. But with solar, companies come and go--Self insuring (you buy new panels if there is every a problem) is probably what happens to many these days (large companies do backup warranty claims.
