

## PEES Power Systems

# Emergency Rescue Battery Storage Cabinet Corrosion- Resistant and Cost-Effective

## Overview

---

Designed to exceed IFC24 fire-containment standards, it enables secure storage of bulk, damaged, or prototype batteries without the need for a separate fire-rated room. Lightweight, mobile, and field-repairable, the cabinet combines long-term durability with sustainable. The Americase Lithium-Ion Battery Storage Cabinet provides safe, scalable, and compliant storage for lithium-ion batteries in data center environments. These meticulously designed lithium-ion battery storage containers provide Lithium-ion Battery Safety, including 90-minute fire resistance against external sources. CellBlockEX provides both insulation and. Lifting safety standards, these 14 UL-certified battery cabinets ensure reliable power storage—discover the top options to protect your equipment and stay safe. Made with a proprietary 9-layer ChargeGuard™ system that helps minimize potential losses from fire, smoke, and explosions caused by Lithium batteries.
