Free rooftop photovoltaic panel installation

Overview

Many solar companies offer programs that bundle roof replacements with solar installations, effectively minimizing upfront costs. The promise sounds almost too good to be true: install solar panels and get your roof replaced for free. The concept. But did you know that some states are now offering incentives like free roof replacement when you install solar panels?

This article will provide an overview of these programs, the benefits of switching to solar, and explain how you can take advantage of such offers. Especially when considering the combined cost of these projects can range from \$15,000 to \$70,000. While many homeowners are drawn to these attractive offers, especially when their roofs need updating, the reality. The short answer is yes but it's not as simple as "completely free. Typically, these "free roof" deals work.
