

PEES Power Systems

High-voltage outdoor telecom enclosure for airports

Overview

Get alerted and set-up saved searches for bid opportunities from thousands of government organizations. Uncover targeted government bid opportunities or identify partnering opportunities with our vendor tools. When your network infrastructure demands reliable outdoor protection, American Products delivers weatherproof telecom enclosures engineered for performance and built to last. Since 1989, we've manufactured outdoor telecom cabinets in America's Heartland, providing telecommunications companies. Charles Universal Broadband Enclosures (CUBE) are constructed to withstand the elements and provide superior protection for active electronics in all environments. Explore. Purcell Systems' solutions specifically address operators and service providers' needs for durable equipment enclosures, modular cabinets, advanced surge protection technology, optimal battery backup enclosures, superior power management, and complete climate control cabinets, for equipment. The WOD-62DXC NEMA enclosure (63"H x 32"W x 30"D, 33 RU) is a heavy-duty, all-weather solution designed for telecom and mission critical applications. Built from AlumiFlex®, a lightweight yet durable material, it provides steel-like strength to support the heaviest equipment.
