How much is the subsidy for 10kW solar power generation

Overview

Things get even better as the Indian government offers a subsidy of Rs. 78,000 for the installation of a 10 kW on-grid rooftop solar system to homeowners under the PM Surya Ghar Muft Bijli Yojana. In 2025, a 10 kW solar panel system costs around \$25,400 before incentives, based on real installation data from across the country. But your actual price will depend on factors like your roof's complexity, local labor costs, the equipment you choose, and what incentives are available in your area. This system typically includes:

- Solar Panels:** Capture sunlight and convert it into electricity.
- Mounting.** This comprehensive 2026 buyer guide covers solar system prices, subsidy benefits, daily power generation, area required, and on-grid, off-grid, and hybrid system comparisons.
