# Indonesia s first energy storage power station put into use

## Overview

---

The NSSE Power Plant, built on approximately 87 hectares of land, is the first utility-scale integrated solar and energy storage project in Nusantara, Indonesia. PT Sembcorp Renewables Indonesia, a wholly-owned subsidiary of Sembcorp Industries, and PT PLN Nusantara Renewables, a 99%-owned subsidiary of PT PLN Nusantara Power, today launched the Nusantara Sembcorp Solar Energi (NSSE) Power Plant. The World Bank's Board of Executive Directors today approved a US\$380 million loan to develop Indonesia's first pumped storage hydropower plant, aiming to improve power generation capacity during peak demand, while supporting the country's energy transition and decarbonization goals. “The. [Energy China signs contract for Indonesia's first pumped-storage power station] On July 7, China Energy China Gezhouba International Company and the Indonesian National Electric Power Company signed a contract for the construction of the Indonesian Upper West Sokan Pumped Storage Power Station. The Upper Cisokan Pumped Storage Power Plant is located in the upper reaches of the Cisokan River in Java, Indonesia, 190 kilometers from the capital Jakarta.
