

## PEES Power Systems

# Kiev base station battery manufacturer

## Overview

---

Ukraine's biggest private energy firm, DTEK, has launched a major battery storage facility that will bring power to hundreds of thousands of homes and strengthen the grid ahead of expected Russian attacks this winter, the company said. DTEK partnered with American energy firm Fluence Energy Inc. —. From the very beginning, LLC ADS focuses on producing the alkaline nickel-cadmium and nickel-iron batteries for various industries. Since 1998, LLC ADS produces the accumulator batteries for electric forklifts, communications equipment, electric power engineering, rail transport, and rail. The primary activity of ISIC WESTA is the production of lead-acid batteries and independent power systems that utilize solar and wind energy with subsequent storage in battery energy systems. WESTA Corporation is a high-tech enterprise specializing in the manufacture of automotive starter batteries. ULC is a company that is working on Ukraine's first Gigafactory to meet the demand for battery cells for various EV and heavy-duty applications. For energy industry stakeholders like DTEK, it supports the safety and stability.
