Living in a windmill

Living in a windmill

Living in a windmill , Schermer Molens Stichting

It seems like a privilege: living at your workplace. But if wind and rain determine your schedule and you are employed by the polder 24/7, it will quickly become less attractive.

Inside 10 Of The World's Most Magical Windmill Homes

There's something undeniably magical about windmill homes, they're part fairytale, part architectural wonder. I've always been fascinated by how these once-functional structures have been ...

A Charming Swedish Home in a Windmill

The Southern Sweden county of Skåne where I live is known for its flat land and steady wind - which is why you'll spot so many windmills! Although the majority are no longer in working ...

What living in a Dutch windmill

is really like

If you've ever wanted to know what living in a real Dutch windmill is like, this video about the Groenvelder windmill (1560) in Noord-Holland gives you the inside view - from the massive ...

What it feels like living in a 17th century windmill

Would you live in a 17th century windmill converted into a home? Step inside this unique £550,000 property and see how historic architecture has been adapted for modern living.

Inside Robert Downey Jr.'s Whimsical Windmill Home in the Hamptons

Robert Downey Jr. and his wife, producer Susan Downey, reside in a charming late 19th-century windmill folly in the Hamptons. Originally built as a playhouse and later transformed into a full ...

Living Inside a Windmill

It was my assumption that a windmill is just for milling or pumping water and

nothing more. It really does have those purposes but one thing I didn't know was that people can live in here.

How to live the windmill fantasy

But in others, the home of Dick Van Dyke's inventor Caractacus Potts inspired an equally enduring fascination: the fantasy of living in a windmill.

The world's best windmill houses , loveproperty

Once important industrial hubs for grinding grain, pumping water, or generating electricity, these wonderful windmills have been transformed into beautiful bespoke homes.
