# **Mobile container power generation manufacturer**

## Overview

---

Unified Power offers containerized generator sets with CHP and Emission control system. With our genset containers offer optimal performance in various site. At the beginning of the Tier 4 transition, our engineering team had the opportunity to work with different customers in different markets to design and develop a line of high-power Tier 4 Final containerized generators. Years of use in the rental, oil and gas, mining and other heavy-duty industries. 60% of global emissions are generated by the power generation, maritime, and heavy-duty transportation sectors. Ammonia clears the way to a carbon-free future. Pre-packaged containers and enclosures can simplify and expedite installation time, provide sound attenuation and personnel protection inside. At BoxPower, our technology combines modular hardware and intelligent software into a unified system that delivers resilient energy for the most challenging environments. Our team proudly obtains UL 2200 & C-UL classification for our generator enclosures.
