

PEES Power Systems

Monrovia Solar Water Pump Manufacturer

Overview

For nearly 35 years, our solar-powered submersible water pumps have been at the core of our business. Whether you need a reliable solution for agriculture, oil fields, or personal home use, our trusted pumps. Whether an agricultural or a domestic application, dependable water is everything when you can't afford downtime. We believe water should keep flowing. That's why our time-tested pumps are fully rebuildable and offer the best serviceability in the industry. We are an interactive company, driven by passion. The purpose of this guide is to provide New York State farmers and landowners with information on planning and installing solar-powered water pumping systems. Because every location has different needs and resources, this guide provides the general principles required to make an informed decision. Connexa has been building solar water pump systems for over 16 years and its systems are better than ever in 2023.

Monrovia Solar Water Pump Manufacturer
