# New Energy solar inverter State-owned Enterprise

**LPR Series 19'  
Rack Mounted**

## Overview

---

New Energy Equity delivers end-to-end solar energy solutions, combining development, construction, financing and operational expertise to advance renewable energy projects across the United States. As a trusted, full-service solar partner, we build on a strong foundation. Ranging from 5kWh to 20kWh, it caters to households of varying sizes. It reduces electricity bills and serves as emergency backup power, providing a seamless, intelligent, and one-stop. According to Polaris statistics, since 2024, seven listed PV manufacturing companies have already changed ownership to local state-owned capital. During this period, local state-owned. Shanghai JINSUN New Energy Technology Co. We specialize in wind power generation systems, photovoltaic power generation systems, wind-solar hybrid power generation systems, battery energy storage. Photovoltaic Headlines (PV-2005) According to incomplete statistics based on public information, from August 1 to August 31, about 88 photovoltaic inverter bidding projects (bid sections) were awarded, with a total capacity of 21. Our goal is to increase the adoption of clean energy and drive more creative, innovative ways to use.
