# Octopus home battery tariff

## Overview

---

Octopus Flux is an import and export tariff with peak and off-peak periods. To sign up, you must first be an Octopus. Power your home with 100% renewable energy on this Octopus Energy electricity tariff designed exclusively for solar and battery owners. Generate your own renewable energy Works with all solar and battery systems 100% renewable import & export How does it work?

Octopus Flux is an import and export. Which is the best Octopus tariff for battery storage?

Battery storage is a great choice if you want to lower your energy bill and reduce your carbon footprint. You can save money and reduce your carbon footprint by charging your battery when the grid is greener or storing excess solar energy. Switch to Octopus Energy with my referral link to get access to this amazing tariff and receive a £50 bonus credit on your new account. An energy tariff determines how much you pay for every unit of electricity you import, and what you receive for every kilowatt-hour you export. But is it worth it?

Let's break it down in detail.
