

## **PEES Power Systems**

# **One-to-two solar lights 30 000 watts**

## Overview

---

Our 300W Solar Street Light delivers a staggering 30,000 lumens — engineered to light up parking lots, streets, farms, playgrounds, commercial buildings, and large residential areas with ease. Built for extreme performance, rugged construction, and can run up to 3 days without. The outdoor solar street light has 3 control modes: 1. remote control [Motion Sensor]. The solar street light uses an intelligent controller that can automatically adjust the light brightness to 100% brightness when object movement is detected and 30% energy saving. Automatically turns on at dusk and off at dawn. 6V/28W monocrystalline solar panel with built-in design for easy installation. Equipped with 144. Estimated delivery between February 07 and February 09. Our Solar Flood light is more energy efficient as it is brighter than its alternatives. While having the same durability and reliability you can expect from a flood.
