Order for 30kW integrated energy storage cabinet for airport use

CONTAINER TYPE ENERGY STORAGE SYSTEM

Energy storage system

FC RoHS CE 

Overview

We offer a comprehensive range of energy storage cabinet products and can customize solutions to meet your specific requirements. Contact us via email or WhatsApp for inquiries. We are committed to providing professional assistance. This cabinet integrates advanced battery technology, energy management systems, and intelligent controls, achieving efficient energy storage in a compact device. Designed for commercial, industrial, and microgrid applications, it integrates a 30kW PCS with a 60kWh LiFePO₄ battery bank to provide safe, efficient, and reliable power. This 30/50kW all-in-one industrial energy storage system combines lithium batteries, inverter, and intelligent energy management in a single unit, offering a flexible solution for medium and large industrial projects. One energy storage cabinet consists of inverter modules, battery modules, cloud EMS system, fire suppression system, and air-conditioning system, which can be installed both indoors and outdoors.
