Palau solar container system manufacturer

Overview

Palau Solar is a subsidiary of Utilligence, created to design, supply and install domestic solar power throughout the archipelago of the islands of Palau. Through a project with the Asian Development Bank, Palau Solar is transforming the islands with renewable energy. The pristine island nation of Palau is small yet proud, standing as a bright beacon of sustainability in the vast Pacific Ocean. As a small island developing state, the Republic of Palau sought to wean itself off its dependence on fossil fuel for power, which accounts for 99. Pre-fabricated containerized solutions now account for approximately 35% of all new utility-scale storage deployments worldwide.
