Sand Table : 8 Steps (with Pictures)

Bottom Surface (Holding The Sand)Top Surface (Holding The Glass)Circular Walls (Attaching The Two Surfaces)Installing Led StripSanding and PaintingI sanded all of the edges of the table surface. I then applied a dark-wood stain on the outside, which I decided to sand-down and spray paint over. I spray painted the inside with a light-gray color to better reflect the light from the

LEDs. See more on instructables
