

PEES Power Systems

Photovoltaic support unloading project site

Overview

Discover the safest methods for unloading solar modules at your project site. This video covers proper lifting techniques, necessary PPE, and efficient teamwork to ensure the safety of personnel and equipment. When you need to unpack and install the modules, you can search and download relevant content from Jinko's official website. Along the way, they are packaged, palleted, trucked, shipped on freighters and trucked again (and again). Module manufacturers have determined practical methods of crating and shipping. This manual provides comprehensive guidelines for the safe and efficient Unloading and storage of solar photovoltaic (PV) modules manufactured and supplied by JAKSON Engineers Limited.
