Plug-in electric vehicles phev cyprus

Overview

As of Decem, Cyprus had 1,601 plug-in hybrid vehicles and 5,360 electric vehicles, including motorcycles, vans, and buses, among a total of over 1 million active vehicles. The Council of Ministers approved a new €2.5 million electric vehicle incentive scheme on Wednesday, maintaining existing grant levels of up to €9,000 for electric cars and €7,500 for hybrid vehicles amid sluggish adoption rates. 5-million-euro subsidy scheme aimed at supporting the purchase of electric and hybrid vehicles in Cyprus. The plan, funded from the state budget, was a key commitment by Transport Minister Alexis Vafeades and is designed to make clean mobility. Be the first to find out about our new models and latest offers. Licensed & Developed by UIBS. Thanks to growing incentives, new models, and improving infrastructure, now is the time for EV adoption. This guide explores current trends, benefits, charging networks, and future. "While Cyprus remains behind in EV adoption, it has made remarkable progress in just three years since introducing subsidies," says Dinos Lefkaritis Jr., President of the Cyprus E-Mobility Association. However, with only 2,270 EVs sold last year, largely due to a state subsidy program, reaching this target seems challenging given the current market conditions.
