

PEES Power Systems

Portuguese off-grid hybrid inverter manufacturer

Overview

We specialise in the design, supply and installation of complete off grid & hybrid systems throughout Portugal, that are tailored to your requirements and budget. Our team always has an expert mechanical & electrical engineer on hand for system design. Efficiently manage energy with our range of inverters, seamlessly integrating solar and grid power for reliable, sustainable solutions in both commercial and residential settings. With 6 programmable periods for battery charging and discharging, our inverters allow you to align your energy usage. Powerserv, an authorized agent for Cummins, specializes in the commercialization of equipment and parts, which likely includes inverter generators, and offers comprehensive maintenance services and equipment rental. Future-ready for battery integration, it's a cost-effective choice to get.
