Should I replace the new energy battery cabinet

Overview

Whether leveraging an existing cabinet through a like-for-like replacement or opting for a new UPS battery cabinet or rack altogether, you'll need to consider connector compatibility, cable size, and the possibility of re-wiring. When you look at a battery cabinet instead of a battery rack, you should think about what is most important for your setup. You need to consider safety, how much space you have, the total cost, and how easy it is to take care of. Email Contact Should I get a new UPS or replace. If it's for a short - term power outage, say a few hours, a smaller capacity energy storage cabinet might suffice. Since then Signature Solar has agreed to replace the cabinet, but will I get the same thing?

Those bolts really weren't tightening enough even if you forget about the specs.
