Sierra Leone containerized power plant

Overview

The modular, containerized energy solution will be deployed in Kamakwie, Kerene District, North West Sierra Leone. The project, delivered via an innovative leasing model, aims to play a critical role in stabilizing Sierra Leone's national grid and strengthening regional energy. The Government of Sierra Leone, through the Electricity Generation and Transmission Company (EGTC), has signed a significant lease agreement with renewable energy provider Release by Scatec for a 40 MW fast-track power plant. Electricity access remains limited, with only 30% of the population connected nationally and less than 5% in rural areas. Energy Sector Lead, Dr.
