

PEES Power Systems

Solar power generation project filing

Overview

Applicants should file submittals electronically via the Internet (eFiling). Please refer to the instructions for using the Commission's eFiling system and filing instructions in the Commission's Regulations at 18 C. 2001 (a) (1) (iii). An owner or operator of a generating facility with a maximum net power production capacity of greater than 1 MW (1000 kW) may obtain QF status by either submitting a self-certification or applying for and obtaining a Commission certification of QF status, and must do so by completing and. This issue brief has been designed for those individuals overseeing procurement for the local government they serve with the specific goal of helping them develop successful Requests for Proposals (RFPs) for solar energy systems. However, most contractors will facilitate this process for you. Once your application is complete and reviewed, you'll receive Permission to Operate (PTO) from us, which means you can turn on your generating system. Refer to the Electronic Informations Guide and the links below to help register and subscribe. This guide includes definitions and plain language explanations of provisions for land lease.
