## Overview

---

Blue Sun Energy Solutions is a specialist provider of Solar Grid Tie, Solar Hybrid and Power Storage systems. Based in Cape Town, but with a national footprint, our experienced EPC team designs and installs turnkey customized projects. While grid-connected solar power is the least-cost renewable energy option for South Tarawa and there is significant resource potential of 554 MW, deployment has been limited. How much power does South Tarawa need?

The photovoltaic systems account for 22% of installed capacity but supply only. Traditional grid systems can't reach 17% of global industrial zones according to 2024 World Bank data - that's where solar container solutions step in. Ever wondered why hospitals in rural Africa still rely on diesel generators?

Or how mining operations in Australia's Outback combat energy. Cape Solace provides end-to-end EPC solar solutions, from initial consultation and custom design to professional installation and ongoing support. We engineer and construct customized energy storage container and cabinet solutions according to the.
