

PEES Power Systems

South African uninterruptible power supply customization company

Overview

We offer a focus on the design, supply, installation, and maintenance of tailored UPS systems in South Africa, to provide homes and businesses with uninterrupted power supply where it matters most. When it comes to premium power protection and uninterruptible power supply, the name synonymous with reliability and value for money is Durapower. Our currency is clean power, supporting your critical equipment by having our finger on the pulse of uninterrupted power. With 24 years of experience in the industry, we have gained extensive expertise in designing customer specific solutions. Our product ranges extend from small standalone 400 VA offline UPS units to large and unique, three-phase, high-efficiency UPS power plants of up to 1000kVA. We supply reliable, cost-effective UPS systems, from small, single-phase power backup power systems through to high-voltage, industrial UPSs. Our process includes: after-sales service.
