

PEES Power Systems

Southwest Battery Cabinet IP66 Maintenance Service

Overview

If your equipment has a Southwest Solutions Group QR code sticker, simply navigate to our Service Portal via the QR code, enter your zip code, and request service. Perform a complete visual inspection of the equipment including subassemblies, wiring harnesses, contacts, cables, and major components. Verify adequate room ventilation and temperature. Inspect the inverter and rectifier. Altronix WP3 is a UL Listed, NEMA 4/IP 66 Rated outdoor power supply/battery and accessory enclosure with a metal backplane. Built to withstand harsh environments and extreme conditions, our enclosures ensure optimal protection and peak performance for your critical equipment. Whether you want to know that your new battery is installed at rated capacity or if you simply need to know how long it will back-up your load, we can provide capacity testing to give you the data you.
