Overview

Under government's programme, 10 MW/40 MWh independent battery storage systems will be installed at 16 electricity substations across the country, totalling 160 MW/640 MWh. Tenders for the project were initially called on 30 July 2025, with opening scheduled for 16 September 2025. "Project Company" shall mean the successful Project Proponent who have. Cabinet approval has been granted to award tenders for the installation of a 160 MW / 640 MWh Battery Energy Storage System (BESS), aimed at enabling the maximum integration of solar power into Sri Lanka's national electricity grid. The Energy Ministry says 153 bids were submitted for the 16 grid. Sri Lanka's state-owned utility, the Ceylon Electricity Board (CEB), has issued a Request for Proposals (RFP) for the development of 160 MW/640 MWh of standalone battery energy storage systems (BESS).
