

## PEES Power Systems

# The largest uninterruptible power supply

## Overview

---

Top systems include APC Smart-UPS, CyberPower OL1000RTXL2U, Eaton 5P, Tripp Lite SMART1500LCD, and Vertiv Liebert PSI. These models vary in capacity (300VA to 1500VA), runtime (minutes to hours), and features like surge protection or LCD interfaces. The CyberPower LE1000DG is the best UPS for people who want to back up a few small electronics — such as a modem, router, PC, external hard drive, or game server — during a blackout lasting up to three hours. It offers many of the same premium features found in pricier models, including battery. The MegaFlex UL uninterruptible power supply (UPS) merges advanced innovation with reliable power protection. Engineered to be AI-ready, it's the perfect choice for colocation, hybrid, hyperscale and neocloud data centers, ensuring continuous power and security for critical infrastructure. With a quick Google search, you can find out the World's largest mountain; the world's deepest ocean and the world's tallest tree, and with a bit more delving you'll no doubt find the world's biggest television, longest bread and widest cat.
