

PEES Power Systems

Uninterruptible Power Supply Equipment Company

Overview

This section provides an overview for uninterruptible power supplies (ups) as well as their applications and principles. From a small UPS to save and shut down your PC, to large commercial systems that power large data centers or critical systems in hospitals, we have the solutions you and your customers. Vertiv™ supports you in improving your uptime with a full range of innovative Liebert® uninterruptible power supplies (UPS) and future-proof, integrated UPS systems, that will cover the backup power needs of your IT infrastructure, from small computer rooms at the network edge to enterprise and.

Uninterruptible Power Supplies (UPS) are critical devices that provide emergency power to a load when the input power source fails. Critical backup power solutions with unrivaled reliability and superior efficiency to ensure your business doesn't go dark. According to Uptime Institute Global Data Center Survey 2025*, more than half of all outages cost over \$100k; about 20% cost over \$1 million. The harsh reality is that.
