

## PEES Power Systems

# What is the 5g base station of Afghanistan Communications

 *easy to install and use*

 *World wide Products*

 *faster charging and discharging*

 *Multiple protection with alarm systems*

**Can save energy**

*the battery capacity can be increased freely and flexibly according to the situation of home use.*

*Rechargeable lithium batteries use safe LiFePO<sub>4</sub>*

## Overview

---

Communications in Afghanistan is under the control of the (MCIT). It has rapidly expanded after the was formed in late 2001, and has embarked on,, and . The signed a \$64.5 million agreement in 2006 with China's o.
