

## PEES Power Systems

**Which is better an outdoor cabinet with IP65 protection or a UPS power supply**

## Overview

---

Higher ratings mean better protection. Choose based on environment: Select an enclosure that matches your specific environmental conditions. For heavy rain or dust, opt for IP65 or IP66. Use IP55 for light exposure, IP65. Discover why IP protection ratings matter for outdoor cabinets. Learn how to choose the right IP class and avoid costly equipment damage. This IP65-rated outdoor power supply cabinet is engineered to provide reliable power management and protection in harsh environments. Built with high-strength galvanized or stainless steel, the cabinet offers excellent resistance against water, dust, and corrosion. With E-abel's extensive manufacturing capability, we support custom enclosure solutions for every scenario—from standard IP54 to fully waterproof IP67.
