Who should I contact if the photovoltaic panels cause the roof to leak

Overview

Once you have all your documentation in order, the first step is to contact the solar company by phone. Calmly explain the situation, state when you discovered the leak, and reference your workmanship warranty. Discovering a roof leak after a new solar panel installation introduces immediate concerns about property damage and questions regarding who is responsible for the repairs. For most people experiencing solar panel problems, the issue is as simple as incorrect wiring, dirty materials, or reduced panel efficiency.

Incompatible Roof: Some roofs are.
