Wind turbine manufacturing by country

Wind turbine manufacturing by country

Top 15 wind turbine manufacturers in 2024: China dominates the top 4

For the first time in history, the world's top four wind turbine manufacturers are Chinese: Goldwind, Envision, Mingyang, and Windey. Meanwhile, in 2024, Europe reached a 92% share of its ...

Wind energy database

The Wind Power tabulates data from a variety of players in the worldwide industry -- wind farm developers, operators and owners, turbine manufacturers, to name only a few -- into useable figures ...

Wind Power by Country 2026

China is the largest producer of wind power in the world, having ...

Ranked: The Largest Producers of Wind Power, by Country

This graphic highlights the top 15 countries by total installed wind turbine capacity, based on data from the Energy Institute's Statistical Review of World Energy 2024 report.

BASIC APPLICATION

Storage systems have been proven to be "extremely lucrative" for commercial and industrial (C&I) filed.

Global Statistics

According to preliminary statistics published today by the World Wind Energy Association, global wind power capacity has now reached 1'173'581 Megawatt - well below the ...

Global Top 15 Wind Turbine Manufacturers [2025]

Leading wind power turbine manufacturers like Vestas (Denmark), Siemens Gamesa (Spain), Goldwind (China), and GE Vernova (France) continue to dominate global markets with massive installed bases ...

Global Top 15 Wind Turbine Manufacturers [2025]

For the first time in history, the world's top four wind turbine manufacturers are

Chinese: Goldwind, Envision, Mingyang, and Windey. ...

26 Wind Turbine Manufacturers in 2026

This section provides an overview for wind turbines as well as their applications and principles. Also, please take a look at the list of 26 wind turbine manufacturers and their company rankings.

PUSUNG-R (Fit for 19 inch cabinet)

Wind Turbine Manufacturer Deep Dive

This report provides a comprehensive analysis of the global wind turbine manufacturing industry. It examines current market dynamics, details the primary components of modern wind ...

Wind Power by Country 2026

China is the largest producer of wind power in the world, having generated 466.5 terawatt hours (TWh) of wind

power in 2021, more than 29% of the global total of 1,596.4 TWh produced during the year.

Where Are The Majority Of Wind Turbines Manufactured

Vestas, the largest wind turbine manufacturer in the world, has installed over 145 GW of wind turbines in 85 countries, with the Great Lakes region having the highest concentration of ...

List of wind turbine manufacturers

List of wind turbine manufacturers This is a list of notable wind turbine manufacturers and businesses that manufacture major wind turbine components.
